

**ROLLING BEARINGS
WITH THE LATEST TECHNOLOGY**

PREMIUM RELIABILITY FOR EXTENDED SERVICE LIFE

BY APPLYING the latest findings of R&D to production

BY APPLYING the latest studies on engineering design to production

BY APPLYING the latest knowledge on bearing micro-geometry and surface topography to production

BY ADOPTING the best improved bearing steel (materials and protocols)

BY ADOPTING the best protocols and procedures from AOB bearings in premium reliability class

BY ADOPTING the best manufacturing technology (heat treatments and machinings) with restricted internal production tolerances

RKB HAS CREATED ITS NEW LINE OF
HIGH PERFORMANCE ROLLING BEARINGS

VICTORY LINE
The Step Forward

Engineered in Switzerland
Technological Bearings
